

# Everybody is Somebody in The Body of Christ

God created the human body with about 650 muscles, 206 bones, 2 eyes, a brain, and around 5 quarts of blood. Just one drop of blood contains about 5 million red blood cells.

And here's the most amazing thing of all: Each part of the body has its own job and knows how to serve all the other parts!

That's why the apostle Paul used the human body as a picture of how Christians are to work together. Each of us is an important part of the worldwide family of God—"the body of Christ." Nobody is a nobody. Everybody is somebody, with a job to do. And that includes you!

## Key Verse

The human **body** has many parts, but the many parts make up one whole **body**. So it is with the **body** of Christ.

1 Corinthians 12:12
